SOCIAL IMPACT IN ACTION

Project Playground is one of the local charities that we dearly love and do what we can to support. Founded in 2010, it engages with over 800 vulnerable children and youth in the townships of Langa and Gugulethu (en route to the airport on the N2).

If you'd like to visit and see the difference they're making, a tour to Project Playground and a surrounding township can be arranged, or simply added to another trip you're taking. Many of our guests have found that this helps them to gain a greater understanding of the complexities of our beautiful country, as well as gain a deeper connection to the people that make South Africa the inimitable gem that she is.
